Miss Minerva Sparrow was seldom absent. The date of the lamp lighting coincides rather closely with the first anniversary of her death, which was May 4th, 1968. A final contribution towards the tribute of the Carriage House Lamps in her honor was received unexpectedly the other day from a relative of Miss Sparrow in Ojai, California. Dr. Rodney F. Atsatt, according to ex-Fund chairman, Miss Lydia LeBaron Walker, was the donor. A cordial welcome is extended to all interested persons to come to the lighting of the Carriage House Lamps May 18th at Baptist and Church Streets.

## Clean Up & STAY Beautiful

Editorial

The campaign of the Mattapoisett Woman's Club to clear the streets of the town of bottles, cans, paper and litter of every description is about to clean the face of Mattapoisett. In this month of May, when everything is so lovely above the ground as the forsythia is in full glory and the leaves open on the trees in that delicate shade of yellow green, it is great to look forward to grass growing unspoiled by mounds of unsightly clutter. The children of the town have made some clever posters which are displayed in store windows all over the village to remind people that the town

Minnesota Paints created the three "most exceptional" process 400 products to provide the ultimate in protective coatings combined with elegant, lasting beauty for interior and exterior surfaces. Naturally, it is more costly to produce this type of product than to produce the average paint. So it costs you more.

But experience the one-coat ease of application, observe the beautiful change in your home and watch years pass without the necessity of repainting.

All the money in the country can't erase the effects of people who throw rubbish down the stairs and garbage out the window. You think this is extreme as an example. You're right. But think; you've seen and I've seen motorists riding through the town discarding garbage out the window. You

are a busy lot. It will take a constant and steady clean-up by each person who loves the town and thinks of it as his or her living room to keep erased the effects of the litterers. The "cute" little litter bug is a stupid symbol. There is nothing cute about a slob.

A grateful thanks from all of the people of Mattapoisett to the originators, the planners, and the volunteer children who will give of their time and effort to making the town a clean and beautiful place again. Certainly no effort on behalf of the community can be more appreciated and none could have a greater immediate effect. Most people in the town will show their appreciation by continuing the clean-up effort every day around their own grounds. The spoilers will continue to furnish the rubbish. But, they are not cute. They just don't know any better.

## Junior Museum Aides

YOUTH TO ASSIST AT HISTORICAL SOCIETY

The Mattapoissett Historical Society is launching a campaign to recruit all interested town youths, aged thirteen to fifteen, to assist the society in its summer program. It is hoped that enough young volunteers can be recruited to enable a summer schedule whereby two town teenagers will be on duty

with the regular adults hosts at each of the Museum's daily A.M. and P. M. open hours.

Chairman Mrs. Earl Masterson, in explaining her choice of this particular age group, stated: "Most teens, sixteen and over, are deeply involved in summer jobs; youngsters twelve and under are devoted to summer vacation play pastimes; it is those young people, aged thirteen to fifteen, that are in limbo as it were: too young to work at a regular job, too old to be satisfied with mere summer fun. I feel that this age group would be delighted at the opportunity to involve themselves in a meaningful summer commitment, such as volunteer work at the Historical Society Museum."

As an added incentive, Mrs. Masterson offers to prospective youth volunteers a society sponsored bus trip at the season's end to Mystic, or Old Sturbridge, or some such historical shrine.

A very special program for prospective "Museum Aides" is being planned to take place at the Museum on Church Street on May 18th at 6:30 P.M. Assisting Mrs. Masterson in planning this event is Mrs. Charles Dunn, who is adult advisor to the

**LENDING SERVICE AT ART CENTER**

The exceptionally fine display of paintings in a variety of media continues at the Marion Art Center. A part of the Lending Service of the Cecil Clark Davis Gallery, they are exciting to see in exhibition and particularly in this instance, where they may be rented for a nominal fee. The Lending Service of the Gallery is a unique feature of the Marion Art Center, and provides area residents, and businesses the opportunity to have fine, original pieces of art without purchasing them at greater expense. If the renter decides that he would like to purchase a painting, it may be done with the rental fee deducted from the cost of the picture. Under this arrangement, it is very hard to lose!

Members and friends are encouraged to view the current exhibit in the gallery through the month of May on Tuesdays through Saturdays from 1:00 to 5:00 P.M.

Hopefully, this concerted effort will not only make our town a cleaner, nicer place in which to live, but will also impress on the children how much "just one" candy or gum wrapper can add to the litter -- and again hopefully, the children can re-educate their elders, many of whom have grown careless in their own disposal of litter.
